Link to CRF/randomization tool: <https://reduse.spinnakersoftware.com/>

To get access, please send the following information to [jane.fisher@advansci-research.com](mailto:jane.fisher@advansci-research.com):

- 1) Names and email addresses of all users who will be responsible for adding participant data (investigator account)
- 2) Name and email address of the person responsible for the general site log-in (if different from the responsible site investigator). This account will be able to randomize patients at your site and you will be responsible for distributing the log-in information to the responsible users at your site.
- 3) Chart day start time at your institution (when is it considered a new day in the patient charts)

Every account will also be added to a test location (VUL-TESTSITE) which you can use for training. Patients added to this site will not be added to the trial.
